## **Delock USB Optical Slim Mouse**

### **Description**

The Delock Slim Mouse is a high-quality optical mouse, hidden in a single PCMCIA card, especially designed for notebook-user. Due to its ultra thin design the Optical Slim Mouse can be put into the PCMCIA slot of your notebook without any problems. Thus it is stored safely. For usage of the mouse unfold it, referring to the manual and connect the USB cable to a free USB port.
